To us, the term 'teacher' means a professional who is eager to share their knowledge. It is someone who is prepared to plan for, guide, support and stimulate the minds of the children in their care. As we are a 'language' day care, structured activities are required throughout the day. This ensures the language is presented in the best possible way. In order to help us find the best possible candidate we would like to ask you some questions. These relate to your teaching style and approaches. If invited to interview, these questions and your answers will be discussed in more depth.

<b>1. What is your idea of an effective, inspirational teacher?</b>
<b>2. What has attracted you to this position?</b>
<b>3. How would you deal with a disruptive child in your group?</b>
<b>4. What does the phrase 'team work' mean to you?</b>
<b>5. A good teacher is always looking to improve and develop their teaching. Which areas of your teaching do you feel you most need to improve?</b>
