POST DETAILS

Title:
 Teacher in Mathematics and ICT

Description:
 Our German-English Phorms Campus Berlin Mitte is conveniently located in the heart of the city. A nursery, a primary school and a secondary school are all located under one roof - a total of 930 children and young people currently learn and play together within an international campus community. The framework for our international orientation is our bilingual concept, which we implement according to the immersion method. Alongside the charming brick building, the special features of our location are the family-like atmosphere and the kind-hearted spirit. The campus also offers two gyms, a theatre hall and a library flooded with light.

For our secondary school in Berlin Mitte we are looking for a motivated and qualified Teacher in Mathematics and ICT.

Our Benefits

- Competitive salary and benefit scheme (travel card for public transport or Edenred City Card, subsidised Urban Sports Club membership, discounted lunch, company pension scheme, Corporate Benefits Portal)
- Relocation allowance and support in applying for residency, work permit and teaching approval
- Five child sick days paid in full by the employer as well as a staff discount when using a daycare or school place
- Free half-yearly language courses (German)
- Small class and course sizes (max. 24 students)
- A student- and activity-oriented didactic concept based on bilingual teaching
- State-of-the-art equipment (own laptop, MS Teams, own IT support, digital classrooms)
- Support in the introduction and use of modern technologies such as AI to implement differentiated learning and innovative teaching concepts
- Teamwork in international student councils that promote exchange and cooperation and give you valuable ideas for your lessons

Your Responsibilities

- Planning of appropriate and competence-oriented lessons in mathematics and ICT based on the given curricula
- Creating a positive, supportive and welcoming learning environment in the classroom
- Assessment of students work, including the preparation and correction of deliverables and marking for report cards
- Use of differentiated teaching methods and materials to meet the varying needs and interests of students
- Organisation, implementation and follow-up of parent-teacher conferences and parent-teacher

meetings

- Enriching teaching with digital media
- Participation in school events, departmental meetings and team meetings to help continually develop the school

Your Profile

- Qualified secondary school teacher and holder of a Master's degree (in mathematics, ICT and or equivalent) and/or a PGCE/PGDE
- Ideally, practical teaching experience in mathematics and ICT
- Ideally, practical teaching experience in a secondary school setting
- An interest in the development and implementation of new pedagogical concepts that focus on the individualized development of students
- Passionate and motivated to engage with our pedagogical concept
- Act as a role model for students and enjoy teaching in a secondary setting
