### POST DETAILS

**Title:**  
Secondary Science Teacher (Chemistry Specialist Preferred)  
**Description:**  
Start Date: Immediate

Location: Verbier International School (VIS), Verbier, Switzerland

Teach science where the classroom window opens onto the Alps.

Verbier International School (VIS), Switzerland's newest premium mountain day and boarding school, is seeking an enthusiastic and talented Secondary Science Teacher to join our growing team. This is an exceptional opportunity for an outstanding educator to be part of a dynamic, forward thinking school delivering Education with Altitude in one of the world's most beautiful alpine settings.

We are particularly interested in a Chemistry specialist, but applicants with expertise across other sciences are warmly encouraged to apply.

#### Why Join Us

Verbier International School is at an exciting stage of development, combining ambitious academic goals with the unique opportunities that come with life in the mountains. Working here means:

Teaching motivated and engaged students from around the world

Living in Verbier, a vibrant Swiss ski resort known for its world class skiing, mountain biking and year round outdoor lifestyle

Being part of a collaborative, passionate and innovative team shaping the future of a growing international school

Contributing to a programme that blends rigorous academics with outdoor education and mountain leadership opportunities

#### Life at VIS

Teachers at VIS enjoy small class sizes, supportive leadership, and a truly international community. Our team values collaboration, innovation and professional growth, and we encourage staff to bring their ideas to life both inside and outside the classroom. Living in Verbier offers a unique lifestyle for those who love the outdoors, culture, and the energy of a world famous mountain village.

#### Key Responsibilities

Teach Science across the Secondary School (Years 7 to 13) with opportunities to teach IB Diploma Programme and High School Diploma pathways

Plan and deliver inspiring, inquiry based lessons that foster scientific curiosity and critical thinking

Collaborate with colleagues on interdisciplinary projects and whole school initiatives

Participate in the wider life of the school including trips, expeditions and outdoor activities

#### Qualifications

Degree in Chemistry or another science discipline  
Proven teaching experience with excellent student outcomes.  
Experience with the IB or other international curricula is an advantage  
EU passport or valid Swiss work permit required

#### Applications

This is a rare and exciting opportunity to combine a passion for science teaching with life in the Swiss Alps.

Applications should be made via emailing [recruitment@vischool.ch](mailto:recruitment@vischool.ch)

Verbier International reserves the right to appoint before the deadline date so early applications are encouraged. Initial interviews will be conducted online. Any offer of appointment will be subject to permission to work and child-protection screening including reference checks with previous employers, and police checks.

#### APPLICATION REQUIREMENTS

- Curriculum Vitae
- Covering Letter
